11. [REDACTED] James Gehrig, Senate Aeronautical and Space Sciences Committee staff, called and said he would like to set up a briefing for the Chairman and Senator Margaret Chase Smith for 29 November 1967 at 3:00 P.M. He said they are particularly interested in the Soviet FOB system but are also interested in an updating on recent Soviet space activity. I told him I would check on a time for this and then we would discuss in more detail the items to be covered.
